Imagine a world where everyone feels welcomed and wanted...

Imagine a world where everyone knows, deep in their hearts,  
that they belong...

Imagine a world in which we recognize we are one human family...

This world is not just a dream, not even a far off vision or possibility.  
This world is possible, now.

- Learn practical skills and tools to bring a sense of oneness into your daily life.
- Feel deeply connected and gain a sense of belonging within a global community of people.
- Return to your true nature and experience a “coming home” to yourself.
- Feel the joy of serving something bigger than yourself.
- Carry this feeling of oneness with you into the rest of your life.
- Create connections with other people in your local community and continue this work of oneness beyond Global Oneness Day.
